Subpart A—Tobacco Loan Program

SOURCE: 45 FR 9253, Feb. 12, 1980, unless otherwise noted.

§ 1464.1 Administration.

(a) This program will be administered by the Tobacco and Peanuts Division, FSA, under the general direction and supervision of the Executive Vice President, CCC. The program will be carried out by cooperative marketing associations (hereinafter referred to as "associations") acting on behalf of their producer members. To obtain a price support loan, an association must enter into a loan agreement with CCC. The loan agreement will set forth terms and conditions for making price support available to producers. To the extent provided in the loan agreement, an association shall meet the eligibility requirements for price support prescribed in the Cooperative Marketing Associations Eligibility Requirements for Price Support (part 1425 of this chapter), as amended. CCC reserves the right to restrict the number

of associations with which it will contract. In so doing, CCC will select such associations as it deems necessary or desirable to effectuate the purposes of the program with a maximum of efficiency and economy of operations. The names of such associations may be obtained from the Tobacco and Peanuts Division, FSA, U.S. Department of Agriculture, P.O. Box 2415, Washington, DC 20013.

(b) Each year CCC will make loans to associations. The associations in turn will make price support advances available to eligible producers either directly or through auction warehouses. The tobacco on which producers receive price support advances will serve as security for the loans. Loans made to associations will include not only the initial loan value of the tobacco, but also amounts to cover costs of receiving, processing, storing, and selling the loan tobacco, including that part of overhead costs not borne by the association pursuant to §1464.4. Associations will be authorized to enter into contracts for these services through the usual trade channels. Loans also may include amounts to cover any Federal and State income taxes which the associations are required by the Internal Revenue Service or State governmental body to pay on income received from the sale of loan tobacco.

[45 FR 9253, Feb. 12, 1980, as amended at 47 FR 51555, Nov. 16, 1982; 48 FR 21110, May 11, 1983]

§ 1464.2 Availability of price support.

(a) *Kind of tobacco.* Price support will be available to eligible producers on the following kinds of eligible tobacco subject to conditions listed in §§1464.7 and 1464.8 respectively.

Flue-cured tobacco, types 11, 12, 13, and 14.
 Kentucky-Tennessee Fire-cured tobacco, types 22 and 23.
 Virginia Fire-cured tobacco, type 21.
 Virginia Sun-cured tobacco, type 37.
 Dark Air-Cured tobacco, types 35 and 36.
 Burley tobacco, type 31.
 Maryland tobacco, type 32.
 Cigar filler tobacco, type 41.
 Cigar filler and binder tobacco, types 42, 43, 44, 53, 54, and 55.
 Puerto Rican tobacco, type 46.
 Cigar binder tobacco, types 51 and 52.

(b) *Method of providing price support—*

(1) *Through auction warehouses.* (i) Price support will be available for each lot of eligible tobacco offered for sale at auction warehouses which have contracted with an association, on a form of agreement approved by CCC, to make price support advances to producers on behalf of the association. Producers will deliver their tobacco to auction warehouses which will display the tobacco and offer it for sale at auction. Each contract between an association and an auction warehouse will require the auction warehouse to see that producers are informed that price support advances are available for each lot of eligible tobacco offered for sale at auction when the final bid is less than the price support rate available for the grade of eligible tobacco comprising such lot. For Flue-cured and Burley tobacco, the associations' contracts with auction warehouses will also require the auction warehouses to mark any tobacco sale bill "No Price Support" if the marketing of the pounds of tobacco covered by such bill will result in the producer marketing in excess of 103 percent of the producer's effective farm marketing quota. Producers will receive price support advances from the warehouse operator for any tobacco to be consigned by the warehouse operator to the association. Price support advances will be paid to the producer at the time the warehouse operator settles with the producer for the entire quantity of the producer's tobacco that has been displayed for inspection and offered for sale on any one day's auction market. The warehouse operator will be reimbursed by the association with funds borrowed from CCC.

(ii) Price support will be available only at warehouses where tobacco inspection service is provided by the Agricultural Marketing Service, USDA. Inspection and price support services may be extended to new markets or to additional sales on established markets in accordance with this part and Subpart A of part 29 of this title which provides for formal public hearings prior to extending of additional services.

(iii) CCC reserves the right to direct the association to withhold a contract under the price support program from any auction warehouse for one or more

years if, based on previous performance of similar contracts, or other evidence, there is substantial reason to believe that such warehouse will not fulfill its contract obligations.

(2) *Special requirements for flue-cured tobacco.* Price support will be available only on flue-cured tobacco which has been designated for sale at specific warehouses by the producer under the following conditions:

(i) *Definition.* “Producer” as used in this paragraph means the person who was issued the tobacco marketing card pursuant to part 723 of this title.

(ii) *Producer designation of warehouses.* Producers will be required, as a condition of price support, to designate the warehouses at which they will market their tobacco. Such designations may be at any warehouse or warehouses in any market within a radius of 100 miles from the county seat of the county in which the farm is located, or if such farm is physically within two counties, then from the county seat of the county in which the county FSA office administering that farm is located. To the extent there are less than eight markets within such radius, any warehouse or warehouses in any of the eight markets nearest to the county seat may be designated. A producer may obtain price support only in a warehouse which the producer has designated, and at each such warehouse only with respect to the quantity of tobacco designated for sale at such warehouse.

(iii) *When producer designations shall be made.* Producers must designate the warehouse(s) at which they will market their tobacco during a period which shall be announced beforehand by the local county FSA office. The period for making designations shall be before May 31 each year. Producers who lease quota or whose farm is reconstituted (the combining or dividing of a farm due to a change in operation) after such period may designate the warehouse(s) at which their tobacco will be marketed according to procedures to be established by the Deputy Administrator, State and County Operations, FSA. Producers who have designated warehouses which cease to operate or cease to have tobacco inspection or price support available may change

their designations at any time after such occurrences. Producers who have designated warehouses whose inspection services have been temporarily suspended for any reason for the equivalent of at least one sales day may change their designation at any time after such occurrences. Redesignation (changes in warehouse(s) designated or in pounds designated to a warehouse) or designations for farms which have not previously designated tobacco may be made by producers during the five business days ending on the first Friday of each month during the flue-cured tobacco marketing season. Such redesignation or initial designation shall be made on any one day of each redesignation period. Such redesignation or initial designation shall be effective on the second Monday following the Friday on which the redesignation period ends.

(iv) *Form and content of designations.* A designation shall be made for each warehouse at which a producer desires to market tobacco by executing a form provided by the county FSA office. The producer will be required to indicate on such form the name of the warehouse or warehouses designated by the producer and the pounds of flue-cured tobacco the producer desires to sell at such warehouse as well as any other information required to be stated on such form.

(v) *Entering warehouse designation information.* The warehouse code number of the warehouse the producer has designated will be indicated on the farm marketing card. If an effective date is determined in accordance with paragraph (b)(2)(iii) of this section, such effective date will be shown on the farm marketing card. If the producer has not designated a warehouse, a warehouse code will not be shown on the marketing card. Changes in designation by the producer shall be accomplished by the producer returning the marketing card to the county FSA office and requesting the transfer of any unmarketed pounds of flue-cured tobacco shown on any marketing card to another eligible warehouse or warehouses.

(vi) *Use of warehouse designation information.* (A) A separate sale bill marked “no price support” shall be prepared for that quantity of tobacco weighted

in that is in excess of the balance of the pounds designated as shown on the marketing card:

(B) The warehouse shall mark "no price support" on a sale bill for any tobacco which is presented for sale and which is accompanied by a marketing card which does not show a warehouse code, which shows a code of another warehouse, or which shows an effective date which is later than the date on which the tobacco is presented for sale.

(vii) *Availability of designation information.* Each county FSA office shall send all designations received to the Flue-Cured Tobacco Cooperative Stabilization Corporation, Raleigh, North Carolina, following each designation period and each period for changing designations. That association shall inform the Flue-Cured Tobacco Advisory Committee of the pounds designated to each warehouse and the pounds of any undesignated tobacco which, for the purpose of recommending opening dates and selling schedules in accordance with part 29 of this title, is available for apportioning for sale at each warehouse. That association also shall furnish each warehouse the name and address of the producers who designated the warehouse, the pounds each designated and the pounds which represented 103 percent of the marketing quota of each such producer.

(viii) *Failure to comply with opening date and selling schedule by warehouses.* Warehousemen shall comply with opening date and selling schedule requirements as provided in 7 CFR 29.9406.

(3) *Upon direct delivery to the Association.* Eligible producers in nonauction market areas may deliver eligible tobacco to central receiving points designated by the appropriate association.

(4) *Period of price support.* Price support will be available to eligible producers on eligible tobacco only during each year's normal marketing season for each kind of tobacco for which support is provided.

(5) Beginning with the 1981 crop, eligible producers may obtain price support on untied burley tobacco packed in bales subject to the following conditions:

(i) The quality and condition of the tobacco contained in each bale delivered for price support as a single lot

will be representative of the quality and condition of the tobacco contained in all other such bales of the same lot.

(ii) The tobacco in each bale will be stalk-cured.

(iii) The bales will not contain foreign matter or conceal inferior tobacco.

(iv) Specification of bales:

(A) Bales must be approximately 1x2x3 feet in size.

(B) The leaves in bales must be untied and oriented.

(C) The basket ticket shall show the number of bales in the lot. Each bale in the lot shall be identified by a uniform identification tag 1½ inches wide by 3¼ inches long which shall be attached securely to the bale and shall show at least the following information: (1) Warehouse registration number, (2) basket ticket identification number, and (3) bale number.

§ 1464.3 Level of price support.

(a) The level of price support for eligible tobacco shall be determined in accordance with section 106 of the Agricultural Act of 1949, as amended.

(b) Flue-Cured tobacco of varieties Coker 139, Coker 140, Coker 316, Reams 64, Reams 266, and Dixie Bright 244, or a mixture or strain of such seed varieties or any breeding line of Flue-Cured tobacco seed varieties, including, but not limited to, 187 Golden Wilt (also designated by such names as No-Name, XYZ), having the quality and chemical characteristics of the seed varieties designated as Coker 139, Coker 140, Coker 316, Reams 64, Reams 266, or Dixie Bright 244 will be supported at one-half the support rate, plus 50 cents per hundred pounds, for comparable grades of acceptable varieties.

[51 FR 32426, Sept. 12, 1986]

§ 1464.4 Deductions from advances.

(a) There may be deducted from price support advances paid to tobacco producers amounts to help defray administrative overhead costs incurred by producers associations through which

§ 1464.5

7 CFR Ch. XIV (1–197 Edition)

price support is made available to tobacco producers.

(b) If any producer on a farm is indebted to the United States and such indebtedness is listed on the Claim Control Record, Form ASCS-604, the Government will effect collection of the amount of the indebtedness by setoff from the amount of price support advance due the producer in the following manner: Any marketing card covering tobacco eligible for price support issued for such farm in accordance with the applicable regulations issued by the Secretary of Agriculture with respect to marketing quotas (parts 723 of this title) will bear a notation showing the indebtedness, the name of the debtor and the amount of the indebtedness. The acceptance and use of a marketing card bearing a notation of indebtedness to the United States by a producer named as debtor on such card will constitute an authorization by such producer to any tobacco warehouse operator or association to pay the United States the price support advance due the producer to the extent of their indebtedness set forth on such card but not to exceed that portion of the price support advance remaining after deduction of usual warehouse and authorized price support charges and amounts due prior lienholders. The acceptance and use of a marketing card bearing a notation and information of indebtedness to the United States will not constitute a waiver of any right of the producer to contest the validity of such indebtedness by appropriate administrative appeal or legal action.

[45 FR 9253, Feb. 12, 1980, as amended at 47 FR 28608, July 1, 1982; 56 FR 21259, May 8, 1991]

§ 1464.5 Interest rate and general provisions.

The loans made to the associations will bear interest at the rate announced by CCC and will be non-recourse both as to principal and interest except in the case of misrepresentation, fraud or failure to carry out the loan agreement. Tobacco loses its identity as to original ownership through commingling in the packing process, and individual producers may not redeem their tobacco once it has been pledged as security for the loan. Asso-

ciations will sell the loan tobacco as provided in the loan agreements for each crop, and the net proceeds of sales of the loan collateral of each crop will be applied to the loan account for such crop until the loan is repaid in full. With respect to the 1981 and prior crops, if the proceeds from the sale of loan collateral of the 1981 or any prior crop exceed (a) the amount of the loan plus all fees, handling charges, operating costs and interest; and (b) any amount due CCC under a barter transfer agreement entered into between CCC and the association, such excess shall constitute "net gains" and shall be distributed in cash by the association to the producers who placed the tobacco under loan unless other disposition is approved by CCC.

§ 1464.6 Maturity date.

Loans made under the program will mature on demand.

§ 1464.7 Eligible producer.

To qualify as an eligible producer for purposes of receiving price support during the current marketing year a person must have eligible tobacco, as provided in § 1464.8, for marketing and such person:

(a) Must have agreed to make contributions to a No Net Cost Fund or pay assessments to a No Net Cost Account, as applicable, in accordance with § 1464.10.

(b) Must not have been found, after notice and opportunity for an administrative hearing in accordance with part 780 of this title, to have:

(1) Knowingly delivered nested tobacco for the purpose of receiving price support.

(2) Filed a false report with respect to the use of pesticides on tobacco produced for marketing during the current marketing year.

(3) Erroneously represented any fact affecting a tobacco program determination.

(4) Adopted any scheme or device which tends to defeat the purpose of the tobacco program.

(5) Made any fraudulent representations with respect to the tobacco program.

(c) Must be in compliance with the provisions of part 12 of this title.

(d) Must not be ineligible, in accordance with part 1498 of this title, to receive price support payments, loans, and benefits.

(e) With respect to any tobacco which is presented for price support, must have retained beneficial interest in the tobacco prior to presenting the tobacco for such loan.

(1) For purposes of this section, the producer will be considered to have retained beneficial interest in the tobacco only if such producer has complete control of and title to such tobacco, including the right to tender such tobacco to CCC for a price support loan on the date such tobacco is tendered to CCC for a price support loan, and has maintained this right and that interest in the tobacco at all times prior to presenting the tobacco for the loan.

(2) If a producer receives a monetary advance or other consideration in connection with or for such tobacco, the producer will be deemed for purposes of this section to have lost beneficial interest in such tobacco unless the producer has a written agreement with the person who provides the advance payment or consideration and such agreement accurately and fully:

(i) Sets forth the amount, nature and date of the advance or consideration;

(ii) Sets forth the poundage on which the advance or consideration was made;

(iii) Provides that the tobacco will be sold at a producer auction through an auction warehouse at which price support is provided, or will be presented for a price support loan;

(iv) Provides that as a full and final settlement on the tobacco, the full sales price at the producer auction or the full loan proceeds will be paid to the producer minus only the following:

(A) Any advance set out in the agreement; and

(B) Standard published assessments or charges for services rendered at standard published rates that apply to all tobacco of all producers, including

tobacco for which no advance has been paid;

(v) Sets forth the date of final settlement to be made on the tobacco which date can be no later than the date applicable to tobacco on which no advance has been made.

(vi) States that the full profit and beneficial interest in the tobacco, and full control of the tobacco, remains with the producer and provides that the full profit and beneficial interest will remain with the producer at all times prior to any disposition of the tobacco as producer tobacco, or at a producer auction, or presenting for a price support loan.

(3) A producer will be considered to have lost beneficial interest in tobacco and thereby not be an "eligible producer" for such tobacco as of the date any advance or other preauction arrangement was made if CCC determines for that tobacco that:

(i) The advance per pound equalled or exceeded the producer's final net proceeds per pound on all tobacco marketed from the farm for that marketing year at producer auctions, including any tobacco on which an advance is made or the pledging of tobacco for price support loans;

(ii) A written agreement was required by paragraph (e)(2) of this section, but none has been executed; or

(iii) A written agreement was executed but did not meet the requirements of paragraph (e)(2) of this section.

(4) If tobacco is pledged for a price support loan and the producer is not then or thereafter deemed to be or to have been an eligible producer for that tobacco for purposes of placing the tobacco under such loan, then the tobacco shall be considered to have a loan value of zero. The producer and the person that took possession of the tobacco from the producer, or paid an advance, or marketed the tobacco, or disposed of the tobacco as producer tobacco, shall be jointly and severally liable with the producer for returning any loan proceeds previously paid in the name of, or for the account of, the producer. Further, the disposition of any tobacco as producer tobacco where the producer is not then or thereafter

considered to have been an eligible producer with respect to such tobacco may be the subject of penalties on the grounds of false identification, excess marketings, or otherwise as provided in part 723 of this title. These remedies are in addition to any others as may apply.

(f) Must be in compliance with the provisions of parts 400 and 402 of this title by purchasing an amount of catastrophic insurance coverage which equals or exceeds the minimal required under those parts.

[51 FR 32426, Sept. 12, 1986, as amended at 53 FR 43675, Oct. 28, 1988; 56 FR 21259, May 8, 1991; 57 FR 43583, Sept. 21, 1992; 60 FR 21037, May 1, 1995]

§ 1464.8 Eligible tobacco.

Eligible tobacco for the purpose of pledging such tobacco as collateral for a price support loan is any tobacco of a kind for which price support is available, as provided in §1464.2, that is in sound and merchantable condition, is not nested as defined in 7 CFR part 29, and:

(a) Is not a kind of tobacco for which marketing quotas are not in effect for the marketing year because marketing quotas have been disapproved in a referendum of producers;

(b) Is offered for marketing by the person who was the producer of the tobacco, or in the case of a deceased producer, by the duly authorized successor(s) in interest;

(c) Is offered for marketing in accordance with §1464.2(b);

(d) If marketing quotas are in effect for the kind of tobacco:

(1) Except for burley tobacco, the farm operator has filed a report of the acreage planted to tobacco on the farm in the applicable year in accordance with part 718 of this title.

(2) The tobacco was produced on a farm on which neither the reported nor determined acreage of the kind of tobacco exceeds any acreage allotment established for the farm in accordance with the applicable part 723 of this title for the kind of tobacco for the applicable year.

(3) Is identified when delivered to the association either directly or through an auction warehouse with a single marketing card for each lot of tobacco.

(e) If marketing quotas are in effect for the kind of tobacco or if marketing quotas are not in effect but would have been in effect for the kind of tobacco had such marketing quotas not been terminated by the Secretary, the operator of the farm on which the tobacco was produced:

(1) Has certified that all tobacco delivered from such farm for price support will not have not been nested as defined in part 29 of this title.

(2) Has certified to the county ASC committee on a form approved by the Deputy Administrator that all pesticides (including plant regulators, defoliant, and desiccants), as defined in 40 CFR 162.3, which were used in connection with the production of the tobacco have been approved by the Environmental Protection Agency for use on tobacco and any such pesticides that were used were applied in accordance with label directions.

(3) Has not refused to permit the sampling of such tobacco, either on the farm or where stored, for chemical analysis for the purpose of verifying the accuracy of any pesticide certification.

(f) With respect to burley and flue-cured tobacco only, is a quantity of tobacco which when added to the pounds of the respective kind of tobacco previously marketed from the farm during the marketing year does not exceed 103 percent of the effective farm marketing quota established for the respective kind of tobacco for that year.

(g) With respect to flue-cured tobacco only, is a quantity of tobacco which was delivered to the association through an auction warehouse and is a quantity which when added to the pounds of flue-cured tobacco previously marketed from the farm at that warehouse does not exceed the quantity of flue-cured tobacco designated by the farm operator for marketing at that warehouse.

(1) All pesticides (including plant regulators, defoliant, and desiccants), as defined in 40 CFR 162.3, which were used in connection with the production of the tobacco, have been approved by

the Environmental Protection Agency for use on tobacco and any such pesticides that were used were applied in accordance with label directions.

(2) All tobacco delivered for price support has not been nested as defined in part 29 of this title.

(i) Any tobacco with respect to which the producer is not an eligible producer under the provisions of § 1464.7 shall not be eligible for a price support loan and in any case in which the producer is deemed to have ceased to have retained the status of an eligible producer due to an advance or other preauction arrangement, the producer's marketing card shall not be used to market such tobacco except to reflect a nonauction marketing to the person who paid an advance to the producer or took possession of the tobacco from the producer.

§ 1464.9 Refund of price support advance.

In any case in which a producer has received price support on a lot of tobacco such producer shall refund to CCC any price support advance received with respect to such lot of tobacco if it is determined, after notice and opportunity for an administrative hearing in accordance with part 780 of this title, that such producer:

(a) Received a price support advance on tobacco that was nested, as defined in part 29 of this title or otherwise not eligible for price support. The county committee, with concurrence of a State Committee Representative, may reduce the refund with respect to tobacco otherwise required in this part, in accordance with guidelines issued by the Deputy Administrator.

(b) Filed a false report with respect to the use of pesticides on tobacco produced on the farm from which such lot of tobacco was identified, at the time of marketing, as having been produced.

(c) Misrepresented any fact affecting a tobacco program determination, adopted any scheme or device which tends to defeat the purpose of the tobacco program, or made any fraudulent representation which tends to defeat the purpose of the tobacco program. The refund of CCC price support ad-

vance shall apply to all payments on all farms received by such producer.

(b) *Establishing a No Net Cost Tobacco Fund.* Except as provided in paragraph (c) of this section, each association shall establish and maintain a Fund in accordance with the requirements of section 106A of the Agricultural Act of 1949, as amended.

(c) *Establishing a No Net Cost Tobacco Account.* Upon request of any association, an Account shall be established and maintained for such association in lieu of a Fund. Also, after consultation with an association, the Secretary may establish and maintain an Account for such association in lieu of a Fund if the Secretary determines that the accumulation of the Fund for such association is, and is likely to remain, inadequate to reimburse CCC for net losses which CCC may sustain under its loan agreement with such association. The requirements of section 106B of the Agricultural Act of 1949, as amended, shall be applicable with respect to an Account.

(d) *Producer contributions or assessments.* As a condition of eligibility for price support during the applicable marketing year a producer of quota tobacco shall agree to make contributions to the Fund established for the association serving the area for the kind of tobacco to be marketed by such producer during such marketing year, or, if a Fund has not been established for such association, pay assessments to the Account established for such association. The amount of any contribution or assessment shall be determined in accordance with sections 106A and 106B of the Agricultural Act of 1949, as amended.

(e) *Filing of agreement.* Any agreement to make contributions to a Fund or pay assessments to an Account shall be on a form approved by the Deputy Administrator and shall be filed with the local county ASC committee prior to the issuance of a marketing card for use in identifying tobacco to be marketed from the farm of the kind of tobacco for which such agreement is applicable.

(f) *Responsibility of farm operator.* The farm operator shall determine whether all producers on the farm agree to make contributions to the Fund or pay

assessments to the Account, as applicable, that has been established for the association serving the area and may sign on their behalf an agreement which acknowledges that such persons will make such contributions or pay such assessments.

(g) [Reserved]

(h) *Purchaser assessments.* Each purchaser of burley and flue-cured quota tobacco shall pay an assessment with respect to purchases of all such kind of tobacco marketed by a producer from a farm, including purchases from the association of such tobacco from the 1986 and subsequent crops. Such assessment shall be determined in accordance with section 106A or 106B, as applicable, of the Agricultural Act of 1949, as amended, and shall be paid into the applicable association's Fund or Account.

(i) *Collection and remission of contributions or assessments.* (1) Any producer contribution or assessment due under this section shall be collected at the time of marketing:

(i) From any dealer or warehouse operator who acquired the tobacco involved from the producer; or

(ii) If the tobacco involved is marketed by a producer directly to any person outside the United States, from the producer; or

(iii) If the tobacco involved is delivered directly to an association, by such association.

(2) A dealer or warehouse operator may deduct the amount of any producer contribution or assessment from the price paid to the producer for such tobacco.

(3) Any purchaser assessment due under this section shall be collected at the time of marketing:

(i) From the dealer or warehouse operator who acquired the tobacco involved from the producer; or

(ii) If the tobacco involved is marketed by a producer directly to any person outside the United States, from the producer who may add an amount equal to the purchaser assessment to the price paid by the purchaser for such tobacco.

(4) If tobacco involved is marketed at a warehouse auction, the warehouse operator may add an amount equal to the purchaser assessment to the price paid by the purchaser of such tobacco.

(5) All persons who are responsible for collecting any contribution or assessment required by this section shall remit such collections to the applicable association within 15 days of the date on which the tobacco was marketed except as provided in paragraphs (i)(5) (i) and (ii).

(i) Warehouse operators who are responsible for collecting any contribution or assessment required by this section shall remit such collections to the applicable association in accordance with the provisions of the loan contract between the association and the warehouse operator.

(ii) Dealers who are responsible for collecting any contribution or assessment as required by this section shall remit such collections to the State FSA office in accordance with part 723 of this title.

(6) Any person who fails to collect and timely remit any collections required by this section shall be subject to a late payment charge. Such late payment shall be calculated and assessed in accordance with part 1403 of this title.

(j) *Penalty for failure to collect and remit contributions or assessments.* (1) If any person fails to collect and remit any contributions or assessments according to the provisions of this section such person shall be liable, in addition to any amount of contributions or assessments and any late payment charges, to a marketing penalty at a rate equal to 75 percent of the average market price (calculated to the nearest whole cent) for the kind of tobacco for the immediately preceding year on the quantity of tobacco as to which failure occurs. Such a penalty only shall be assessed after the person has been notified of the pending assessment of the penalty and the person has been afforded an opportunity for a hearing with respect to the assessment of the penalty. However, such marketing penalty shall not be assessed if such contributions or assessment are collected and remitted not later than 15 days after the date required by this part.

(2) If a warehouse operator fails to collect and remit any contribution or assessment to an association within 15 days after the date provided in the loan contract between the warehouse opera-

tor and such association, the association shall provide to the State ASC committee for the state in which the warehouse operator's business is located a statement of the reason for the failure of the person to timely remit such collection, including the name and address of the warehouse involved, the pounds of tobacco purchased, the date of purchase, and the date the collection was required to be remitted. The association shall submit such facts within 25 days after the applicable due date regardless of whether such assessment or contribution has been remitted to the association.

(3) The State ASC committee shall be responsible for assessing any marketing penalty determined in accordance with paragraph (j)(1) of this section.

(4) The Deputy Administrator or the Deputy Administrator's designee may reduce the amount of any marketing penalty for which a person otherwise would be liable in accordance with the provisions of this section.

(5) The marketing penalty provided in this section is in addition to, and not exclusive of, any other remedies that may be available with respect to collection and remission of any contributions or assessments made in accordance with this section.

Accordingly, in the event that such a proclamation is issued all obligations which otherwise would terminate with the 1995 crop under this section shall apply equally for subsequent crops through the 1998 crops.

Subpart B—Importer Assessments

SOURCE: 59 FR 10944, Mar. 9, 1994, unless otherwise noted.

§ 1464.101 Definitions.

(a) *Applicability.* The definitions set forth in this section shall be applicable for purposes of administering the provisions of this subpart.

(b) *Terms.* For purposes of this subpart, the following terms shall have

the following meanings unless otherwise indicated.

Customs Service. The United States Customs Service of the United States Department of the Treasury.

De minimis special entries. Imports of unmanufactured tobacco when the total importation at any time or on any date is 5 kilograms or less and such tobacco is imported segregated from other tobacco for use as samples, for research, or other use approved by the Director.

Director. The Director, or Acting Director, Tobacco and Peanuts Division, Farm Service Agency, U.S. Department of Agriculture.

Entered. Tobacco shall be considered to have entered the United States when the tobacco has been released by the Customs Service for entry (direct entry or bonded warehouse withdrawal) for consumption into the commerce of the United States, unless the tobacco is brought into the country outside the control of the Customs Service, in which case the tobacco will be considered to have entered the United States when such tobacco physically enters the territory of the United States.

Entry date. The date on which the tobacco was released by Customs Service for consumption into the commerce of the United States, unless the tobacco enters commerce in the United States without such a release, in which case the entry date shall be the date such tobacco physically entered the territory of the United States.

Imported tobacco. Effective January 1, 1994, any unmanufactured tobacco, including Oriental and Turkish tobacco, that was not produced in the United States but has entered the United States.

Importer. A person who owns or controls such tobacco at the time at which the tobacco entered the United States.

Person. An individual, partnership, association, corporation, cooperative, estate, trust, joint venture, joint operation, or other business enterprise or other legal entity, and, when applicable, a State, a political subdivision of a State, or any agency thereof.

United States. The 50 States of the United States, the District of Columbia, Puerto Rico, or any Territory or Possession of the United States.

Unmanufactured tobacco. Any tobacco that is not processed and packaged as a consumer tobacco product, including, but not limited to, any tobacco classifiable under the Harmonized Tariff Schedule of the United States (HTS) in existence as of January 1, 1994, under Chapter 2401 of the HTS or under classifications 2403912000, 2403914050, 2403914070, 2403990050, 2403990065, and 2403990070 of Chapter 2403 of the HTS.

§ 1464.102 Budget deficit marketing assessment.

(a) *General.* The importer of any unmanufactured imported tobacco shall pay a budget deficit marketing assessment on each kilogram of such imported tobacco if such tobacco is imported during any of the 1994 through 1998 calendar years, except for separate lots of *de minimis* special entries.

(b) *Amount of assessment.* The budget deficit marketing assessment required by this section shall be the amount determined by multiplying the number of kilograms of imported tobacco by the sum, converted to per kilogram basis, of the marketing assessment imposed in accordance with § 1464.11 on purchasers of domestically produced burley tobacco and domestic flue-cured tobacco, respectively, for the marketing year for those domestic tobaccos during which the imported tobacco was imported.

(c) *Modification of the coverage and rate for imported tobacco.* (1) Notwithstanding the provisions of paragraphs (a) and (b) of this section, the coverage, rates and obligations applicable to imported tobacco under this section shall be as provided in paragraph (d) of this section if:

(i) The President establishes a tariff-rate quota for tobacco; and

(ii) It is determined and announced by the Executive Vice President that a modification of the assessments is being made accordingly pursuant to Section 422 of Pub. L. 103–465.

(2) The effective date of the modification provided for in paragraph (c)(1) of this section shall be the date announced by the Executive Vice President consistent with the provisions of Pub. L. 103–465.

(3) (i) For entries of imported tobacco into the United States prior to the effective

date for assessment modifications announced by the Executive Vice President under this paragraph, the rates and coverage of the assessment shall be as provided for in paragraphs (a) and (b) of this section.

(ii) For entries of imported tobacco into the United States after the effective date for assessment modifications announced by the Executive Vice President under this paragraph, the rates and coverage of the assessment shall be as provided for in paragraph (d) of this section.

(d) *Rates and coverage of the modified assessment.* If a modification of the assessments otherwise provided for in this section is announced by the Executive Vice President as provided for in paragraph (c) of this section then:

(1) Imports of tobacco under this section shall apply only to the same kind or tobacco having similar characteristics to a price-supported domestic kind, or considered in the trade to be the same or similar “kind”, as a domestic tobacco which is, at the time the tobacco is entered into the commerce of the United States, currently subject to an assessment under § 1464.11.

(2) If the tobacco is subject to an assessment under paragraph (d)(1) of this section, then the assessment shall be paid by the importer and remitted to CCC. The amount due for each pound of subject tobacco, shall be the amount equal to 1% of the national price support level that applies for the current marketing year for the corresponding domestic kind of tobacco.

(3) It shall be the responsibility of all importers to establish that imported tobacco is not covered by the BDMA or not subject to a higher BDMA rate than that which is assessed or paid.

(4) In the case of the entry of mixed lots (containing tobacco of different kinds) the importer shall be required to certify to the composition of the lot. In the absence of such certification or in the absence of sufficient evidence to indicate the relevant kind of tobacco for purposes of administration of this section, then the importer shall be liable for the assessment as the highest possible relevant rate for all such tobacco.

(5) Importers of all tobacco, including those which are not subject to the

modified BDMA, shall maintain sufficient records to demonstrate compliance with the obligations of this section.

(6) Disputes involving the application of the assessment shall be resolved by the Director.

[59 FR 10944, Mar. 9, 1994, as amended at 60 FR 19667, Apr. 20, 1995]

§ 1464.103 Importer no-net-cost assessments.

(a) *General.* The importer of any unmanufactured imported burley or flue-cured tobacco shall pay a no-net-cost assessment on each kilogram of such tobacco that is imported after December 31, 1993, regardless of the form in which it is imported and regardless of whether it is mixed or blended with other tobacco, except for *de minimis* special entries.

(b) *Amount of assessment.* The amount of the no-net-cost assessment which shall apply under this section shall be the amount determined by multiplying:

(1) For imported burley tobacco, the number of kilograms of such tobacco by the sum, converted to per kilogram basis, of the no-net-cost producer and purchaser contributions or assessments as implemented pursuant to subpart A for domestic burley tobacco that is marketed during the domestic marketing year during which the tobacco was imported.

(2) For imported flue-cured tobacco, the number of kilograms of such tobacco by the sum, converted to a per kilogram basis, of the no-net-cost producer and purchaser contribution or assessments as implemented pursuant to subpart A for domestic flue-cured tobacco that is marketed during the domestic marketing year during which the tobacco was imported.

§ 1464.104 Remittance of importer assessments.

(a) *Where to remit.* A person making a remittance shall follow instructions on the reverse side of form CCC-100.

(b) *When to remit.* (1) Importer assessments shall be remitted within 10 workdays after the date on which the imported tobacco is entered.

(2) Notwithstanding the requirement in paragraph (b)(1) of this section, im-

porter assessments remitted not later than April 10, 1994, for tobacco that is entered during the period January 1, 1994, through March 31, 1994, shall be considered to be timely remitted.

(c) *Instructions.* Remittances must be made in accordance with instructions on form CCC-100.

(d) *Documentation.* Unless the Director shall direct otherwise, in writing, each remittance of an importer assessment shall be accompanied by form CCC-100, Importer Entry and Assessment Worksheet, and as applicable, Customs Service Form CF7501 or CF7505, or other Customs Service documentation that, based on the documentation and codes normally required or used by the Customs Service, includes the following with respect to each entry of imported tobacco:

- (1) Entry filer code/entry number,
- (2) Importer of record number,
- (3) Importer of record name and address,
- (4) Ultimate consignee number,
- (5) Entry date,
- (6) District/port of entry,
- (7) Harmonized Tariff Schedule Number,
- (8) Quantity entered (net weight in kilograms),
- (9) Entry type (formal or informal), and
- (10) Amount remitted.

(e) *Late payment charge.* Any importer who fails to timely remit any assessment required by this subpart shall be subject to a late payment charge. Such late payment charge shall be calculated and assessed in accordance with part 1403 of this chapter, or successor regulations, and shall be in addition to any penalty due or other charge due.

§ 1464.105 Refund of assessments.

Assessments paid on imported tobacco may be refunded if the person importing such tobacco establishes, to the satisfaction of the Director, that the tobacco on which the assessment was paid has been reexported as unmanufactured tobacco or destroyed in an unmanufactured state. Assessment refunds will be based on entry weight as identified on Customs Service Form CF7501 or CF7505, or other documentation or data as required by the Director

or found by the Director to be appropriate. Additional refund documentation, including proof of export, will be required consistent with the “duty drawback” provisions administered by the Customs Service pursuant to section 313(a) of the Tariff Act of 1930, as amended. Persons seeking a refund shall submit their request and documentation to the Director, Tobacco and Peanuts Division, Farm Service Agency (FSA), United States Department of Agriculture (USDA), P.O. Box 2415, Washington, DC 20013–2415. Where deemed appropriate, the Director may, in writing, allow the use of substitute documentation and permit payments to successors in interest where the re-exporter and importer are not the same. Where exporter and importer are not the same, refunds shall be to the importer unless the importer, in writing, notifies the Director that the payment should be made to the exporter.

§ 1464.106 Marketing penalties.

(a) *Failure to remit assessments.* An importer who fails to timely remit an assessment in accordance with this subpart shall be subject to a marketing penalty.

(1) *Budget deficit marketing assessment.* With respect to the assessment referred to in § 1464.102, if an importer fails to timely remit a budget deficit marketing assessment in accordance with the provisions of this subpart, such importer shall be subject to a marketing penalty, in addition to any budget deficit marketing assessment or other sum due and any late payment charges, at a rate equal to 37.5 percent of the sum of the per kilogram average market prices (calculated to the nearest whole cent) of domestic flue-cured and domestic burley tobacco for the respective domestic tobacco marketing year that ends during the calendar year immediately preceding the calendar year during which such imported tobacco was imported, on the quantity of tobacco as to which the failure occurs.

(2) *Importer no-net-cost assessment.* With respect to assessments referred to in § 1464.103, if an importer of burley or flue-cured tobacco fails to timely remit a no-net-cost assessment in accordance with the provisions in this subpart, such importer shall be liable, in addition to any no-net-cost assessment or other sum due and any late payment charges, to a marketing penalty at a per kilogram rate equal to 75 percent of the average market price (calculated to the nearest whole cent) for the respective kind of domestic tobacco (burley or flue-cured) for the respective domestic tobacco marketing year in which such imported tobacco was imported, on the quantity of tobacco as to which the failure occurs.

(b) *Exception to marketing penalty.* A marketing penalty otherwise required by this paragraph may be forgiven if the assessment for which nonpayment of the penalty could be assessed is remitted not later than 15 calendar days after the date otherwise required for the remittance by this subpart.

(c) *Notification of marketing penalty.* Before a marketing penalty is assessed, the importer shall be notified of the pending assessment and shall be afforded an opportunity for a hearing with respect to the assessment of the penalty. Such notification will be by, and such hearing will be before, the Director or designee.

(d) *Marketing penalty reduction.* The Executive Vice President, CCC, or designee, may reduce the amount of any marketing penalty for which a person otherwise would be liable under the provisions of this section upon finding that failure to comply was unintentional or without knowledge on the part of such person and that such reduction would not damage the tobacco program or the administration of this part.

(e) *Prohibition of use, processing or marketing of tobacco for which the assessments have not been paid; other remedies.* The knowing use, processing, or marketing of tobacco in the commerce of the United States of any tobacco for which an assessment or related charge required or provided for by this subpart is past due, is prohibited. The penalties and other remedies provided in this section shall be in addition to, and not exclusive of, other remedies that may be available.

§ 1464.107 Recordkeeping.

(a) *Retention of records.* Each importer of tobacco shall maintain all records

that are relevant to any imported tobacco that is subject to an assessment in accordance with this subpart. Such records shall be retained for a period of three years following the date of entry of such tobacco. The burden of establishing compliance with this part shall be on the importer of the tobacco.

(b) *Examination of records and reports.* The Executive Vice President, CCC, the Director, or any person authorized by one of such persons, or any auditor or agent of the Office of the Inspector General, is authorized to examine any records that such person has reason to believe are relevant to any matter pertinent to the payment of importer assessments under this subpart. Upon request of an authorized person, each importer shall make available for examination such records as are under such importer's control that may be relevant to imported tobacco that is subject to an assessment in accordance with this subpart or otherwise relevant to the administration of this subpart. Upon a failure to provide access or

records, the Director may presume that such an inquiry would have produced information unfavorable to the party to the inquiry and shall make further determinations in the matter accordingly.

§ 1464.108 Reconsideration and appeal.

An importer may request the Director to reconsider any determination of the amount of any assessment due, any marketing penalty assessed, or other adverse determination rendered in accordance with this subpart. Any request for reconsideration shall be made within 15 calendar days of the date of the notification of such assessment, marketing penalty, or adverse determination. If the importer is dissatisfied with a determination rendered by the Director with respect to a request for reconsideration, such importer may appeal the determination to the Director, National Appeals Division, FSA. Any such appeal shall be handled in accordance with the provisions of 7 CFR part 780.
